# Gross Motor Development Checklist

< Back to Child Development Checklists

**Instructions:** Answer all questions up to your child's current age bracket by answering ‘Yes’ or ‘No’.

**Interpretation:** If you tick 2 or more boxes with a ‘Yes’ then contact Kid Sense Child Development on 1800 KIDSENSE (1800 543 736).

Does your child have difficulty with:

<table>
<thead>
<tr>
<th>Age</th>
<th>Skill</th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-6 months</td>

This checklist was designed to serve as a functional *screening* of developmental skills per age group. It does *not* constitute an assessment nor reflect strictly standardised research.

The information in this checklist was compiled over many years from a variety of sources. This information was then further shaped by years of clinical practice as well as therapeutic consultation with child care, kindergarten and school teachers in South Australia about the developmental skills necessary for children to meet the demands of these educational environments. In more recent years, it has been further modified by the need for children and their teachers to meet the functional *Australian Curriculum, Assessment and Reporting Authority (ACARA)* requirements that are not always congruent with standardised research.

Contact us today to make an initial enquiry or book an assessment for your child on 1800 KID SENSE (1800 543 736)
